

Recommended Subwoofer Information

Disclosure

Due to the hurdles involved in becoming a Pioneer Premier brand dealer, Xtreme Tek Audio is unable to distribute our boxes with the subwoofer we recommend built in. That being said, the Xtreme Tek Audio Underseat True Stealth Subwoofer box was designed to use the Premier 8" Shallow Mount Subwoofer (see below for specific details). We imagine a variety of shallow mount subwoofers could be used with this box, however, they are untested and it remains a buyer beware situation. Moreover, our box is designed to be as space efficient as possible and still provide decent sound – meaning our box just barely meets the recommended enclosure internal volume (about 0.15 ft³). All this being said, we strongly encourage our customers to use the 8" Premier shallow subwoofer.

Premier Subwoofer Information

The model recommended for use in our box is the Premier TS-SW841D. More information about this product can be found on Pioneer's website. The URL for this specific product is http://www.pioneerelectronics.com/pna/v3/pg/product/details/0,,2076_310069929_297969765,0 http://www.pioneerelectronics.com/pna/v3/pg/product/details/0,,2076_310069929_297969765,0 http://www.pioneerelectronics.com/pna/v3/pg/product/details/0,,2076_310069929_297969765,0 http://www.pioneerelectronics.com/pna/v3/pg/product/details/0,,2076_310069929_297969765,0 http://www.pioneerelectronics.com/pna/v3/pg/product/details/0,,2076_310069929_297969765,0 http://www.pioneerelectronics.com/pna/v3/pg/product/details/0,.2076_310069929_297969765,0

Basic Speaker Specifications

Obtaining the Premier TS-SW841D

The information provided below should be *used as a guide* to get started, **not** as a recommended place to buy from. We cannot be held responsible for other vendor's actions or policies. There is an extra benefit provided by buying from an authorized Premier dealer. All Premier speakers come with a 2-year warranty. Check with your dealer for details.

The best place to find fair prices on the Premier TS-SW841D is generally by shopping on the internet. Pioneer's MSRP is \$160.00. However, they can be had for much less than this online. There are eBay vendors such as Barney's Electronics (<u>myworld.ebay.com/barneyselectronics/</u>) or more traditional online stores such as Etronics.com.
